Measure, Appointment or Topic: HB3075

I strongly oppose HB3075, HB3075-1, and measure 114. I firmly believe this is an infringement of the rights of the citizens of Oregon. HB3075, HB3075-1, and measure 114 will not deter criminals or stop criminals from obtaining firearms whether legally or illegally. HB3075, HB3075-1 and measure 114 are a complete waste of taxpayers' money and illegitimate use of law enforcement resources and will only hinder those responsible gun owners from obtaining a right our government and the state of Oregon swore to protect. I believe this is an overreach of government and absurd use of taxpayer's time and money.
