HB3075

This re-do of measure 114 is unconstitutional as well. I do not understand why legislators go after law abiding citizens with laws that would make it harder for law abiding citizens to buy firearms, standards, magazines, and restrict their legal use for sport, hunting, and self defense. This will have little to no impact on criminals, because they do not care about any existing laws. Similar laws in other parts of the country have had no impact on crime. This just makes criminals out of ordinary citizens. The U.S. Supreme Court's decision on items contained in this should be respected. Legislators pushing this and ignoring the 2nd Amendment and Supreme Court decisions make make no sense.
