I strongly oppose this additional income tax. Why additional taxes are being pushed through without a vote from all the people in the state is insanity. In addition to more funds be allocated to fishing and hunting licenses from all people, when not everyone is participating in those things - especially when you are also raising the prices of those licenses. This state is getting out of hand in the amount of income taxes that are being charged, and the recreational licenses for outdoor sports as well.

Strong opposition is the only testimony you should be seeing from Oregonians, and the way you are going about this is sneaky. Shame on you!
