Measure, Appointment or Topic: HB3075

To the House Judiciary Committee,

I am grateful to the chair and members who are holding hearings on HB 3075-1. I am in favor of this modification to the firearm permit provisions of Ballot Measure 114. Please vote yes and pass to pass this bill out of committee. I believe in full implementation of HB 3075-1. It's a small but important step that studies show will save lives.

We have to do all we can to help insure only responsible people own and use guns. Please vote Yes.
Thank you for your time.

Sincerely,

Gerry Federico
