On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

As a life long Oregon resident and upstanding citizen of the community, I greatly oppose HB 3075 due to its unconstitutional nature and infringement on my rights as a citizen of this great state and nation.

I ask for you to deny this measure and allow Oregon maintain a state where the second amendment is allowed to be exercised responsibly and freely, by its citizens.
