

Submitter: Lee Ann Price

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I am an Oregon resident and registered voter. I voted for Measure 114, and I support HB 3075 to protect Oregon residents from gun violence. Research shows that requiring permits to purchase a firearm reduce homicides and suicides. I urge you to pass HB 3075 out of committee without delay. Oregonians have been waiting long enough to implement the life saving measures in Measure 114.
