

Submitter: jane Comerford

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

Please do everything you can to put HB 3076 into action. We need more restrictions on guns that can be used for illegal activities. If someone wants to legitimately own a gun, then they should have no objections to this bill. Put into practice what the voters of Oregon have supported by their votes.

Thank you.
