

Submitter: Tom Klusman

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I oppose this measure since it is burdensome on the citizens who wish to purchase a firearm and makes criminals out of law abiding citizens if they own a magazine that holds more than 10 rounds or cartridges. They way the majority are pushing this controversial bill through, so ballot measure 114 will not be appealable to the state supreme court is the action of tyrants. The backers should be ashamed of their actions.
