Co-Chairs Helm and Owens & Members of the Committee:

The Special Districts Association of Oregon (SDAO) represents approximately 950 districts that play a crucial role in delivering essential public services all over the state, including fire protection, water supply, sanitation, libraries, parks and recreation, irrigation and more.

We would like to thank the representatives from Lane County who reached out to us prior to the session to discuss HB 3910. Our association is taking a neutral position on the bill and amendment, but we wanted to acknowledge that they did consult and work with us to in pulling this legislation together.

Thank you for the opportunity to provide this feedback.

Sincerely,

Mark Landauer
