On Behalf Of: Law abiding citizens  
Committee: House Committee On Judiciary  
Measure, Appointment or Topic: HB3075

What part of "shall not infringe" is unclear?

It is already illegal to commit violent crimes against others. The implement isn't the problem, it's the intent. Criminals already don't follow the law, so adding another law that infringes on law-abiding citizen's gun rights will accomplish nothing toward reducing violence. In fact, it will only serve to increase it by disarming more citizens.

A no vote is the only possible constitutional option.
