Measure, Appointment or Topic: HB3075
To the committee

I am opposed to House Bill 3075. It goes against Article 1, Section 27 of the Oregon State Constitution as well the second amendment of the U.S. Constitution. My concern is that this bill will affect law abiding citizens of this great state in a negative way. I know that it will affect me. As someone who is below the age requirement to get a concealed carry license or purchase a handgun but yet is legally an adult and can travel throughout the state but without the ability to defend oneself this bill is very discouraging to me in that when I reach 21 I will have even more paperwork to complete and it will take more effort to be able to purchase a firearm.

I respectfully ask that this committee vote against HB3075.

Thank You.
