Measure, Appointment or Topic: HB3075

Law abiding citizens will not be able to purchase or use large capacity magazines under the new legislation. Yet criminals will still be able to acquire large capacity magazines, and use them on law abiding citizens. I don't have a problem with registry or permits that again criminals don't concern themselves with either or. I fight for the right of legal citizens being able to own and freely operate guns in the state of Oregon and in the United States. It is the second amendment right.
