On behalf of my family and I, we would like to express just how frustrated we are with this bill. We feel that our freedoms are what makes this country so great. The freedom of speech, religion, to do what you want and go where you want. We also feel that our second amendment rights, the rights to bear arms, is what helps us keep these freedoms. The more that our second amendment is restricted, the more that our other rights will follow. Please stop this bill and help us keep our freedoms alive.
