HB3075

I feel that the ban on magazines over 10 rounds violates my right as a civilian to bear arms and protect my family. I've seen multiple police shootout videos where the police fire many magazines in order to hit their target. If trained police have a hard time stopping a threat with multiple magazines, it will be even harder for me. I also feel that HB 3075 goes against our 2nd amendment, it was put in place to protect the people from the government, not take away our guns so the government has control.
