

Submitter: Adrienne Kringen

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I support this bill because we need to keep illegal guns out of our communities. It is just common sense to inspect gun dealers: my hairdresser has to undergo far more strict licensing, regulation and inspection than most gun dealers, and yet one illegal gun can negatively impact our communities in a far more deadly and devastating way than a few bad haircuts ever could. Please, do what is right and sensible and pass this legislation. Thank you.
