HB3075

I believe that a permit to purchase will significantly hinder the ability of Oregonian to purchase firearms. With fees to submit a 4473, fees to get a concealed carry license and now fees to get a permit to purchase, it will create financial hardship on law abiding Oregonians. The fact that none of the counties in Oregon have a plan, nor the manpower to implement the training and qualification (live fire requirement), anyone wishing to purchase a firearm will be unable until the sheriff's implement a process. It will also put most gun dealers out of business due to the fact that no one will be able to purchase. I believe this is a direct violation of the 2nd amendment.
