Please stop passing nonsense! A citizen's case cannot be heard in their local Circuit Court? Now they are trying to shop the court too. Take the finger off the scales of justice.

From the Bill

"CHALLENGE TO LEGALITY OF ACT

SECTION 22. Any action challenging the legality, including the constitutionality, of this 2025 Act

must be commenced in the Circuit Court for Marion County."

Bans AR-15s

Also from the bill, this wording is another attempt to ban the semi-automatic rifle like the AR-15.

"A repeating rifle, whether centerfire or rimfire, that has a bolt, lever, pump, straight-pull or revolving action"

In contrast, a semi-automatic rifle reloads itself after each shot using the cartridge's energy, while the repeating rifles listed rely on the shooter to manually cycle the action. It does not have a bolt, a lever, a pump, a straight pull nor a revolving action.

Almost a 300% increase in the tax/fee to get a new license. That is really over the top. Just run a lean operation. Ask any privately owned business with 25 employees how to do it. it is not rocket science.

The equity language should not be in a constitutional rights bill. Lets get real, ok?

If this passes, this needs to go all the way to the US Supreme Court. But be reasonable legislators. Don't waste your time and effort on such poorly written bills.
