Measure, Appointment or Topic: HB3075

HB 3075 helps criminals more than legal citizens. Oregon already mandates background checks for all gun sales, private or otherwise. The fee in the last 3 years has continued to climb, and now can cost upwards of \$100, to extort more from legal citizens in the name of "safety" while stripping rights is fraud, because nothing about HB 3075 is actually aimed at safety concerns. It only revolves around forcing legal hardworking Oregonians to pay more, along with wait longer to have the same level of protection a criminal will have for less cost, and time.
