On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

To whom this may concern, my name is Kevin Mitchell, and I live in an eastern Oregon town. I am 32 years of age and my entire life growing up I have been around weapons and as I was growing up I was also taught about how to act around them and how to use them properly. These new bills that the Oregon government is trying to put into law, is not going to change the shooting numbers or violent crimes. All these are going to do is keep guns out of law-abiding citizens hands, the criminals are still going to have guns through black market or some other illegal way. With law abiding citizens not being able to carry firearms the chances of crimes being stopped by a law-abiding citizen are slim to none. I am opposed to the state of Oregon taking away our second amendment rights.

The Second Amendment to the U.S. Constitution. Ratified on December 15, 1791, protects the right of the people to keep and bear arms stating "A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed

I OPPOSE HB 3075

Sincerely, Kevin Mitchell
