

Submitter: Jayson Hayes

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

The idea that a person would need to not only apply for the right to exercise a constitutional right but also pay a sum of money to do so is completely unconstitutional. we have a perfectly good system in place. Oregon needs to focus on protecting law abiding citizens constitutional rights and upholding the law to the fullest extent for criminals. I am strongly opposed to this type of bill that infringes on my constitutional right as well as all other law abiding Oregonians. This bill does nothing to discourage criminals and only hurts law abiding citizens
