

Submitter: Dr David L Wheeler
On Behalf Of: Grant Park Church Portland
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB3075

Measure 114 was approved by voters in 2022. It has been affirmed by the Oregon Court of Appeals. It needs to go into effect NOW to save lives.

If we require licensing and registration for automobiles and proof of competency for their drivers, how much more necessary are such steps for deadly firearms and their owners.

This legislation is not an infringement on rights but a protection for Oregon citizens, especially children and youth.
