

Submitter: Randy Flaming

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

A 3 judge panel from the 9th Circuit Court recently ruled that permits to purchase firearms is unconstitutional. This bill proposes to do that very thing. The 9th Circuit, of which Oregon is a part, has now ruled that this bill will be in violation of that ruling, yet Oregon insists on proposing to violate that ruling. Each member of the legislature has taken an oath of office to uphold the Constitution. As a result of that oath, you have an obligation to do as you swore you would and to do that you need to vote no on this bill. It cannot become law. Trying to defend this law in court will be a waste of public funds.
