Measure, Appointment or Topic: HB3076

I support this bill because we need to keep illegal guns out of our communities. As a nurse at Portland Providence, I felt safer once metal detectors were installed in our Emergency Department entrance. However, these bandaid safety measures are not enough to keep guns out of the hands of dangerous people. We recently had a spouse of a patient, who was disappointed in her health outcome, show up to the hospital with a gun, roaming the hallways, and keeping many providers and patients covered in fear. Gun dealers need to be inspected and held to the standards of other businesses. As a nurse, I care about the safety of our communities. Please pass HB3076 to keep crime guns out of our communities.
