Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I oppose!

Oregonians can't be allowed to vote an unconstitutional law into existence. Oregon legislature can't legislate an unconstitutional law into existence. Ignorance is no excuse, and defiance of the Constitution is treason. This bill is a waste of taxpayer money, as it will ultimately be struck down if passed. It is simply posturing by idiots who don't understand or respect our constitutional rights. And we have to pay the legal fees up the chain.
