

Submitter: Alexia Nice

On Behalf Of:

Committee: Senate Committee On Early Childhood and  
Behavioral Health

Measure, Appointment or Topic: SB1167

I am in favor of SB 1167. I think it is important to help both families and providers in any capacity. By allowing this bill to pass we would be able to help families be present in the workforce and feel comfortable doing so by allowing avenues for providers to provide quality care.
