Testimony on HB-3075

I strongly oppose HB-3075 and strongly opposed Ballot Measure 114.

As a law-abiding gun owner, sportsman, and former Federal Firearms License holder (FFL), I find HB-3075 to be unfair, unworkable, and unnecessary.

Moving forward with HB-3075 will make a bad situation worse. At the very least, HB-3075 should be tabled until BM 114 can be addressed by the Federal Ninth Circuit and U.S. Supreme Court.

Oregon has many serious problems where the legislature can make lives better. HB-3075 will make our lives worse, not better. Homelessness, school accountability, ODOT's massive budget errors, failures surrounding the Oregon Employment Department's computer system, and ongoing sex scandals with the Oregon Youth Authority would be far better areas to spend your energy.
