

Submitter: Tobias Boyd

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3626

Great to see the legislature taking this up. I have been a bike commuter in Oregon for over 25yr, long before ebikes appeared on the scene. They're still changing a lot, but it's clear that making their legal status more formal will only be good for getting more people out of their cars and onto two wheels. Thank you for your time.
