

Dear Representatives,

I am writing to express my concern regarding HB 3838. As the owner of an Adult Foster Home, I believe this bill could negatively impact employers, caregivers, and the clients we serve.

I urge you to reconsider this bill, as I believe it may not be the most effective solution for improving senior care. Instead, it could lead to confusion and financial instability for businesses like mine, hindering our ability to create jobs and provide quality care.

Thank you for your time and consideration.

Sincerely,

Oana Hristescu

AFH – administrator/owner
