HB3075

I am writing today in OPPOSITION to this bill. The bill mirrors measure 114 with a few adjustments, but the adjustments do not fix the core issues. This is a severe encroachment on our 2A rights, and not to mention, the permitting processes is extremely flawed. Essentially halting the sales of firearms and preventing law abiding citizens to excersize the second ammendment right. This bill does nothing to prevent criminals and those mentally ill from committing crimes. Please vote NO on this bill.
