On Behalf Of:
Committee: House Committee On Revenue
Measure, Appointment or Topic: HB3755
To whom it may concern:

One goal toward a responsible retirement achievement is to pay off the residence to which a person lives. It is burdensome for retirees on fixed income to now have to continue to pay property taxes until they die. The threat of losing one's dwelling to increasing costs adds to choices of quality of life or having a place to live. We need to take care of our seniors and make it as easy as possible for them to stay in their homes as long as possible. We should all consider this, if we live long enough, we will all be in this situation.
