

Submitter: Shantel Schroeder

On Behalf Of:

Committee: House Committee On Education

Measure, Appointment or Topic: HB3568

I am writing in SUPPORT of this bill. I believe this can benefit our children greatly, giving them another healthier alternative of food served in school. Not only is our childrens health a great reason to support this bill, but also to bring more revenue to the coastal communities. It is shocking to know most of our Oregon waters seafood are actually shipped out of state and we import from other states. This seems backwards. Please vote YES on this bill.
