On Behalf Of: WE THE PEOPLE
Committee: Senate Committee On Energy and Environment
Measure, Appointment or Topic: SB634

Dear Lawmakers,

My name is Chad Kernutt and I hope you will vote YES on this bill as it is common sense that hydro power is obviously renewable and is even green energy by the definition of progressive liberals. And it is the most reliable of the green energies that liberals love besides nuclear so this should receive bipartisan support from both sides of the aisle. Thank you.
