

Submitter:

Shantel Schroeder

On Behalf Of:

Committee:

Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB634

I am writing today in SUPPORT of this bill. Hydropower should be as desired as solar and wind. Hydropower is less invasive to our lands, unlike solar panels and wind turbines, when considering how much space they need to operate, and the space the need for disposal. Oregonians are getting squeezed by the cost of power and I do believe if hydropower was included in the green energy portfolio, it would help reduce the rates of our power. Please vote YES on this bill.
