

Submitter:

Rev. Judith Meckling

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3075

I am a proud Oregonian who worked with a great diversity of people from all walks of life, including responsible gun owners, to pass this gun violence prevention measure. As a priest, I have provided grief support to families and communities after the loss of loved ones to gun violence. This measure provides common sense regulation of gun use to the benefit of all Oregonians while also providing for the right to own and use guns responsibly.
