Standards

Measure, Appointment or Topic: HB3838

I am writing to strongly oppose HB 3838. Adult care homes are already among the most heavily regulated facilities in the state, and this proposed legislation would place an additional burden on small businesses that are already struggling with limited resources and underpayment. Adult care homes provide essential, high-quality care in a home-like setting for some of our most vulnerable community members. Adding further regulations or financial strain could jeopardize our ability to continue operating and serving those in need.

Rather than imposing additional barriers, we urge you to support policies that strengthen and sustain adult care homes so we can focus on providing the best possible care.
