Measure, Appointment or Topic: HB3856

I oppose bill HB 3856 as the increase tag price that is somehow offset by a tax credit is not a tenable arrangement. The significant rise in permits over the last couple of years, undermines the benefit of any tax credit. Oregonians have been betrayed by bills that promise to fund school and roads only to be hit with bonds by local government. Seems like double taxation. Bill HB 3856 causes more hardship on the citizens of Oregon without proper notification that would allow for public comment. Please do not pass HB 3865
