

Submitter: Edward Haas

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I oppose HB 3075. As gunsmith this will take awhile my lively hood. As a collector of historic firearms it will will take away my passion for life and liberty. As a father this affect my ability to defend my family from criminals who do not abide by any gun control laws. This bill will only affect innocent law abiding citizens not criminals.
