

Submitter: David Newhart

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

This goes against our constitution's bill of rights and nullifies an equal right to bear arms and permits selective enforcement. HB3075 focuses on restricting legal firearm ownership rather than tackling illegal gun use or investing in mental health and community safety programs. Please focus attention on treating the root cause and forego punishing lawful citizens.
