

Submitter: Elaine Lavington

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure, Appointment or Topic: SB569

I strongly oppose SB 569. We need equal rights for all, not special rights for a select few. DEI is no longer part of the equation. I am still upset that grants were given out to first time home buyers that were non-citizens. That was the most horrible grant ever in my mind. What about Oregonians that are first time home buyers. I strongly oppose this stupid bill.
