

Submitter: Dory Seeley

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

This measure is unjust. We the people have the right to bear arms. It is not the guns that commit the violence it is the person. Do not take our Second Amendment away. I have the right to have guns. This measure only affects the law bidding citizens not the criminals. The criminal will find a way to get a gun.
