On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I Joshua Crabtree am against HB3075

This goes against our 2nd amendment, they have no classes in place for this we do not have any further foresight on seeing a class either. This will shut down many small local businesses this will not allow us to exercise our second amendment.

This is going against the American people. Us oregonians as a whole.
