This bill is a direct attack on our constitutional rights. It was poorly thought out in how it would be implemented and the large cost for no benefit. We have a system in place where you need to pass an application process to purchase a gun to add this is adding fees and a huge workload to a sheriff's department that is already stretched so thin it can't keep up with the workload. Not to mention there is no outline of how, when this would be put into place and the extreme cost. This will do nothing to keep guns out of criminals hands or keep our state safer. This bill shouldn't even be voted upon as it doesn't have a required fiscal impact statement. This is an unfunded mandate for counties
