

Submitter: Justin Mitchell

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I Justin Mitchell as a law, abiding citizen and conceal carry holder. As a hunter and fisherman. I oppose this house bill as we already have a background check in place and as part of my constitutional right, you shall not infringe upon my second amendment rights. This is not constitutional as seen by the court of appeal. This is infringing on my rights of the second amendment. we have spoken to local county sheriffs. There has been nothing done for permitting on top of Oregon State police nor has there been classes, arranged or anything as spoken in the past nor has there been any actions of it moving forward? Ask for that being said I am going to stand with everybody opposing this bill thank you.
