

Submitter: Jordan Hinchman

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

As a law abiding citizen, I find that the passing of this measure is extremely unconstitutional and has no ability to solve issues of violence that plagues us. These measures do nothing but harm people who follow the law. Criminals and those that wish to do harm to others don't care about laws. I highly oppose this measure and what it means to Oregonians.
