Hello my name is Gavin I am Oregon born and raised, something I have always valued about this state is that no matter who you are there's a place for you here. Now with these gun bills being forced on us it feels like one sided politics and I don't have a place in the state I'm from. One of my earliest memories is of my grandpa teaching me about his guns and how to handle them if we keep advancing on restrictions you will rob me of that experience with my future children and grandchildren, and taking my culture from me.
