Measure, Appointment or Topic: HB3075

HB 3075 should not pass out of the House Judiciary Committee because it doesn't have a required Fiscal Impact Statement. This is an unfunded mandated for counties. I would also like to point out that HB 3075 violates both our state and federal constitution, it turns a inalienable god given right into a privilege that must be paid for and approved by the very government it is supposed to protect citizens from. I do not want guns in the hands of criminals, but this bill does nothing to actually prevent that.
