

Submitter:

David M

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3075

This is an unfunded mandate, there is no Fiscal impact statement. This will create felons out of ordinary citizens and you have no ways or means to implement what you propose. In addition, you are ignoring facts and data about the real issue here. You have liberal interpretation of skewed data, and lack the oversight of federal interpretation of prior firearm cases decided at a Federal level.
