Measure, Appointment or Topic: HB3838

I am writing to express my strong opposition to HB 3838. Adult care homes are already subject to extensive regulations, and this proposed bill would add yet another challenge for small businesses that are already operating with limited resources and inadequate funding.

These homes play a crucial role in providing high-quality, personalized care in a comfortable, home-like setting for some of the most vulnerable members of our community. Additional financial and regulatory burdens could put many of these facilities at risk, ultimately limiting care options for those who need them most. Instead of adding more obstacles, I urge you to support measures that help sustain and strengthen adult care homes, allowing us to continue focusing on the well-being of our residents.

Please oppose HB 3838 and consider the serious impact it would have on small care providers and the people who depend on their services. Thank you for your time and consideration.

Sincerely,  
Vera
