Measure, Appointment or Topic: HB3075

I urge you to reject HB 3075 Ballot Measure 114 (2022), The bill violates the Second Amendment. The right to bear arms is not a privilege to be delayed or taxed. The second amendment right is a liberty! Next the state will want you to have a permit to exercise your 1st amendment right.

In addition to this government overreach, the fee hike will burden the poor and working class. This will make our born liberty a luxury. Stop punishing the law abiding citizens.
