Income tax was created to help fight the civil war. The only wars we are fighting now in Oregon are against state and federal government mismanagement of our taxes and our legislators creating and passing bills to purposely and blatantly obliterate rural residents. To add more income tax is absolutely appalling. No new taxes! And to increase fees for licenses is also out of the question. You will bleed your constituents dry. Why don't you try serving the people instead of taking everything from them and not giving any results?
